Gyan Bharti Vidya Mandir School   Gwalior, MP
Science 10th   2017 - 2018
Percentage: 89%

EXPERIENCE

CodeSoft | Frontend Developer   Gwalior, MP | September 2023 - October 2023

As a Frontend Developer at CodeSoft, I'll be at the forefront of creating engaging and seamless user experiences. This involved using a variety of web technologies such as HTML, CSS, and JavaScript to design concepts into functional, responsive, and visually appealing web applications.

Solved 500+ questions on different coding platforms

With a passion for continuous learning and problem-solving, I have successfully tackled and solved over 450+ coding questions on Geeks for Geeks, Leetcode, CodeStudio. This journey has not only honed my programming skills but has also provided me with a robust foundation in algorithmic thinking and data structures.

SKILLS

Programming Languages: C++, Html, Css
Libraries / Frameworks: Reactjs, Bootstrap, Tailwind
Tools / Platform: Github, Vscode, WorkBench
Databases: MySQL

PROJECTS

React-Counter-App | <u>Link</u>   Reactjs, Tailwind
The React Counter App provides a basic example of how to create a dynamic and interactive counter that allows users to increment and decrement a numeric value with the click of a button.

Billing System | <u>Link</u>   Reactjs, Css
It is an advance billing system designed to streamline the invoicing and payment processes. Empower your billing process with an intelligent discount engine that effortlessly calculates and applies discounts.

Personal Portfolio | <u>Link</u>   Html, Css, Js, Bootstrap
The portfolio showcases my skills, projects, and accomplishments, providing a glimpse into my professional journey.

CERTIFICATIONS

- Google Kickstart – Google
- Internship Certificate – Codesoft
- Object Oriented Programming – CodingNinja
- Programming Foundations – Linkedin
- Youth Employment Program – TCS

HONORS & AWARDS

Decoration Head in College Techfest (Aarohan) 2023 – RJIT
